

ELECTRONIC INFORMATION DISCLOSURE STATEMENT

Electronic Version v18

Stylesheet Version v18.0

Title of Invention	MULTI-LEVEL MICROCHANNEL HEAT EXCHANGERS																																																																																														
Application Number :	10/612241																																																																																														
Confirmation Number:	3819																																																																																														
First Named Applicant:	James Lovette																																																																																														
Attorney Docket Number:																																																																																															
Art Unit:																																																																																															
Examiner:																																																																																															
Search string:			(5043797 or 5490117 or 5740013 or 5763951 or 5768104 or 5921087 or 6366467 or 6459581 or 6600220 or 6743664 or 20020121105 or 20030121274 or 20040040695 or 20040052049 or 20040089008 or 20040125561 or 20040160741 or 20040188069).pn																																																																																												
<p><i>KS</i> <i>11-01-06</i></p> <p><u>Certification:</u> This Information Disclosure Statement was submitted under the following conditions, which satisfies the requirement under 37 CFR 1.97(e). The filer certified:</p> <p>That no item of information contained in the information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign application, and, to the knowledge of the person signing the certification after making reasonable inquiry, no item of information contained in the information disclosure statement was known to any individual designated in 37 CFR 1.56(c) more than three months prior to the filing of the information disclosure statement.</p>
